

## welcome

Welcome to the 4<sup>th</sup> International Glaucoma Symposium in Mainz!

Translational research is becoming more and more important. The application from basic sciences to clinical application and development of therapies is the main objective of translational medicine.

The 4<sup>th</sup> Glaucoma Symposium with LIVE SURGERY 2018 in Mainz is going to be a highlight in the congress year. The Experts Meeting will once again be a forum bringing together the **leading international colleagues** in the field of glaucoma that enables all of us to learn and benefit from the experiences and ideas of the best in their field.

The **highlights** of this symposium are going to be the **WETLABS** on Friday where several **MIGS** are demonstrated e.g. IStent, CyPASS, XEN und InnFocus.

Additionally the same techniques are going to be broadcasted from the operating room as **LIVE SURGERIES** on Saturday.

We are pleased to welcome you to a fascinating scientific meeting!

Prof. Dr. Norbert Pfeiffer  
Head of department

Prof. Dr. Esther Hoffmann  
Head of glaucoma division

## program

Friday, June 08<sup>th</sup>, 2018

12:00 pm	Registration & light lunch
01:00 pm	■ <b>WETLABS</b>
(change rooms after 1h)	
<b>1. CyPass Wetlab</b>	
Introduction & demonstration K. Barton, United Kingdom	
Instruction K. Barton, United Kingdom; E. Hoffmann, Germany; G. Ratanarajan, United Kingdom	
<b>2. XEN Wetlab</b>	
Introduction & demonstration H. Reitsamer, Austria; E. Hoffmann, Germany	
Instruction H. Reitsamer, Austria; E. Hoffmann, Germany; K. Barton, United Kingdom; L. Pinto, Spain	
03:00 pm	■ COFFEE BREAK
03:30 pm	■ <b>POSTER PRESENTATION</b>
04:30 pm	■ <b>WETLABS</b>
(change rooms after 1h)	
<b>3. InnFocus Wetlab</b>	
Introduction & demonstration I. Ahmed, Canada	
Instruction I. Ahmed, Canada; K. Mercieca, United Kingdom; K. Klabe, Germany	
<b>4. IStent Inject Wetlab</b>	
Introduction & demonstration V. Prokosch-Willing, Germany	
Instruction V. Prokosch-Willing, Germany; I. Ahmed, Canada; K. Klabe, Germany	

## program

Saturday, June 09<sup>th</sup>, 2018

08:00 am	■ <b>LIVE SURGERY- MIGS</b>
<b>XEN Implantation</b> H. Reitsamer, Austria	
<b>Needling XEN?</b> tba	
<b>CyPass Implantation</b> K. Barton, United Kingdom	
<b>CyPass Implantation:</b> K. Klabe, Germany	
■ COFFEE BREAK	
<b>Inn Focus Implantation</b> I. Ahmed, Canada	
<b>IStent Inject Implantation</b> V. Prokosch-Willing, Germany	
<b>Hydrus stent implantation</b> N. Pfeiffer, Germany	
<b>360 degree Ab interno trabeculotomy</b> E. Hoffmann, Germany	
<b>XEN Baervelt-combination</b> F. Grehn, Germany	
01:00 pm	■ LUNCH BREAK
02:00 pm	■ <b>COMPLICATION MANAGEMENT IN MINIMAL INVASIVE GLAUCOMA SURGERIES</b>
<b>Panel</b> I. Ahmed, Canada; K. Barton, United Kingdom; H. Reitsamer, Austria; V. Prokosch-Willing, Germany; E. Hoffmann, Germany; K. Klabe, Germany; F. Grehn, Germany; N. Pfeiffer, Germany; L. Pinto, Spain; K. Mercieca, United Kingdom; G. Ratanarajan, United Kingdom	
03:30 pm	Closing remarks
